# Reflect

The Reflect chair: A pointed triangle and a curved back rest

A dynamic piece of furniture, it can be used both as the formal conference chair and the relaxing chaise long. Reflect is a piece of furniture which breaks down hierarchy and stifling convention. This means that one can focus on the important discussion and make common ground for lasting decisions. Reflect works well for lounge areas, hotel receptions, meeting rooms etc.

## Reflect-chair

Frame	Stainless steel.	
Upholstery	Fabrics variants <a href="#">Link to specification</a>	1 977

# Q-series

The Q-series consists of Q30, Q40 and Q-rage made of concrete. They are for outdoor and indoor use. The cubes are available with wheels, feet or floor fixture. Q-rage is a module built garage for Q30, which consists of a main element and side elements. The Q-series is made in the colors gray and anthracite. Cushions and concrete graphics can be added. The concrete series is dedicated to universities, preschools and kindergartens.

# Concrete café table

The rustic look of the café tables and the sustainable material make them well suited indoor and outdoor for places where people meet, e.g. hotels, roof terraces, canteens and cafés. The café tables are made of concrete and steel and are available in assorted sizes and models. The concrete tops are available in the colors gray and anthracite and the steel legs are available either painted or galvanized.
